UNREST IN BRAZIL MAY MEAN TROUBLE WITH GOVERNMENT

REVOLUTION IS REPORTED TO BE BREWING IN S. AMERICAN REPUBLIC.

Army and Navy said to be in sympathy with the proposed change—Concession to Foreigners Cause Feeling Against President Pray and Administration

NEW YORK, Dec. 15.—Reports of political unrest in Brazil, due to alleged dissatisfaction with the administration of President Pray, were repeated here by American passengers arriving on the steamer Acre from Brazilian and West Indian ports. Rumors in Rio de Janeiro, they said, were afoot to place at the head of the government Dantas Barreto, governor of the state of Pernambuco, who has resigned and will relinquish his office January 1.

Dissatisfaction is felt by certain classes, it is alleged, with present government officials because of financial conditions and in the matter of concessions to foreigners. It was said that high officials of the army and navy are in sympathy with the proposed change in government.

For nearly a year talk of unrest and plots have reached this country from Brazil, but the reports have been either minimized or denied by the Brazilian government. President Pray was elected in March, 1914.

FRESHET CHECKS LOGGING

Dam Goes Out in Aberdeen District, Causing Big Damage.

ABERDEEN, Wash., Dec. 14.—The Hulet logging camp on the Green, a branch of the Wishkah river, was washed out by heavy freshets according to word received here. The loss is placed between \$3000 and \$4000.

The dam cannot be rebuilt until after the spring freshet, which means that no logging operations can be conducted upon the river for eight months. Between 50 and 60 men are thrown out of employment.

Millions of gallons of water were freed by the accident but no other mishaps occurred as far as can be learned here.

POSTOFFICE SAFE CRACKED.

Loot From Papato Station May Amount to About \$4200.

WAPATO, Wash., Dec. 14.—The Wapato postoffice was robbed. The outer door of the safe was opened by combination and the inner door was forced by a charge of nitroglycerine. Between \$3000 and \$4000 in stamps of all denominations was taken and between \$100 and \$200 in cash.

Entrance was obtained by forcing a side door to the office. Tools used by the robbers were taken from S. A. Oakes' blacksmith shop, which also was broken into.

DAUGHTER BORN TO GIRL WHO SLEW LOVER.

IDA RIEHL.

PHILADELPHIA, Dec. 15.—Ida Riehl, the eighteen year old girl who last May shot and killed Edmund Carl Hauptfuhrer, her sweetheart who betrayed her and then refused to marry her, may never be tried for the killing of Hauptfuhrer. A baby girl has been born to her in the home of a society woman who intervened herself in the case.

Miss Riehl is under \$5000 bail on an indictment naming three charges, murder voluntary and involuntary manslaughter.

One grand jury refused to indict her, but a second one found the indictment on three charges. The child makes a trial.

For 90c You Can Get the Ideal Gift for Every Man

A crystal glass humidor jar containing one pound of Tuxedo, the mildest, most fragrant tobacco. At every store where tobacco products are sold.

Last Christmas more Jars of Tuxedo were given to men throughout the United States than any other single trade-marked article!

Because Americans are learning to make suitable gifts at Christmas time—and learning that Tuxedo is the best gift of all for a man.

Tuxedo is the mildest, pleasantest pipe tobacco in the world—made absolutely non-biting and delightfully mellow by the original "Tuxedo Process" that has never been successfully imitated.

Last Christmas the demand for Tuxedo humidor jars was so great that the supply of many dealers was exhausted, and thousands of people were disappointed. The safe plan is to place your order with your dealer now. He will be glad to set your jar aside for you until Christmas.

FINE OF \$50 GIVEN HERMISTON MAN FOR VIOLATING THE LAW

E. W. MACK, DRUGGIST, PLEADS GUILTY TO SELLING LIQUOR WITHOUT LICENSE.

J. B. Peck Also Fined Like Amount for Exchanging Liquor—Arrests Made by Chief of Police Sater on Information Furnished by Private Detective, It Is Said.

(Special Correspondence.) HERMISTON, Ore., Dec. 15.—E. W. Mack, local druggist, pleaded guilty and paid a fine of \$50 to Justice of the Peace E. P. Dodd yesterday afternoon for selling intoxicating liquor without a license. J. B. Peck was also fined \$50 for exchanging liquor with another man. The arrests were made by Chief of Police Clarence Sater on information furnished by a private detective who has been at work on the case for the past few weeks. It is understood the private detective was employed by the city.

Resinol Soap contains the soothing, healing Resinol emulsion which doctors prescribe for skin troubles. Sold by all druggists and dealers in toilet goods.

across Cook Inlet from Anchorage, reported that the ice there was not as thick as at Anchorage, the Alaska Steamship Company refused to send the big freighter Seward there to unload.

Steamship officials said that the ice field below Anchorage where the flow from Knik arm and Turnagain arm meet, would endanger the safety of the vessel.

The Seward is discharging her entire cargo of railroad material and supplies for the government construction camp at Anchorage here. As a result Anchorage will be practically without fire protection this winter.

The Seward's cargo including complete equipment for the Anchorage fire department from a fire bell to a chemical engine. Several hundred feet of fire hose may be sent in by dogsleds, but the heavier apparatus cannot be moved until next spring.

The Alaska road commission is preparing to keep the Seward-Anchorage trail passable all winter. One section of the trail near Glacier

Creek is so obstructed by snowdrifts and ice that an entire day is required for the mail teams to travel 12 miles.

Colonel Revell, the mail contractor, has five horses with drags at work keeping the trail open across Indian Creek summit. There are 20 inches of snow at Anchorage.

A writer in the Scientific American reports having observed an electric spark at the end of a whip when it gave out a particularly loud snap and suggests that the snap was not made by the lash at all, but that it was the result of the instant concussion of the air, the electric spark being produced by the friction of the current of air.

CAMPAIGN FOR BETTER RURAL SCHOOLS URGED

SECRETARY OF INTERIOR LANE
SAYS BOYS AND GIRLS BIG-PROPERTY

WASHINGTON, Dec. 15.—In this forthcoming annual report Secretary Lane suggests the need for a national

campaign for a better rural school. He speaks of Young America, our 22,000,000 school boys and girls, as the chief resources of the nation, and asks, "Are we doing all possible to develop this resource?" His report continues:

"If there is any one of our institutions in which the American people take undisguised pride, and of which they feel justified in boasting, it is the public school system, for this is the greatest of American institutions and the most successful social endeavor yet undertaken by any people. The United States maintains a bureau of education in this department which, upon a small appropriation, states as best it can the figures and facts which most inadequately tell the story of the growth and use of this most brilliantly conceived piece of governmental machinery.

Our Foremost Industry.

"The American people are not indifferent to their schools. Quite otherwise. They pay for their support almost as much as they do for the support of the entire federal government, in round numbers \$750,000,000 a year, which keeps an army of 600,000 teachers at work. Education is indeed our foremost industry, from whatever point of view it may be regarded. Yet I am assured that it has made less progress than any of our other industries during the past 20 years.

"Yet here and there, under rare leadership may be found in this country the most striking proof of what can be done to our schools to our life. The hope is eventually to make the school what it should be, and easily may be made to be, the very heart of the community—social club and cooperative center as well as school."

BRITISH VOTE HITS LIQUOR.

LONDON, Dec. 14.—A rebuke to the liquor interests was seen in the re-election to the house of commons of Postmaster General Herbert Samuel over Henry Kait, a printer of Leeds.

In a bye-election in the Cleveland division of Northern Riding, Yorkshire, he polled 7512 votes against Kait's 1452.

Mr. Kait opposed recent enactments restricting liquor sales, declaring he represented the consensus of opinion among the laboring classes.

Baking Helps

Valuable Suggestions

By Mrs. Nevada Briggs, Expert of the Art of Baking, as taught by Mrs. Janet McKenzie Hill

Helpful Cake Making Hints

Always sift flour and K.C. Baking Powder at least three times. The more sifting, the lighter the cake. Remember that! To cream butter and sugar quickly, warm the sugar slightly. Beat yolks of eggs with rotary beater. Whip whites of eggs with flat spoon whip. Water makes lighter cakes; milk makes richer cakes.

To mix a cake, first cream butter and sugar thoroughly, then add yolks, if used. Then alternately add moisture and flour that has been sifted with baking powder and stir until smooth and glossy, adding egg whites after thoroughly mixing.

Always use K.C. Baking Powder. Biscuit Helps

Always sift flour and K.C. Baking Powder at least three times. Have shortening cold and firm. Mix dough as soft as it can be handled. The softer dough goes into the oven, the lighter the biscuit when it comes out. It is easier for K.C. Baking Powder to do its work in soft than in stiff dough. Mix biscuits very little. Do not knead. Stir up with spoon or knife and press in shape to roll on floured board.

With K.C. Baking Powder results are sure and certain. Ask your grocer for K.C.
